MATERNITY & NEWBORN
PORTRAIT EXPERIENCE GUIDE

HELLO!

Congratulations on making the decision to not wait a moment longer to document such a momentous chapter for your family! And thank you so much for reaching out to me specifically to have your beautiful family photographed. I really appreciate it and I'm so excited to meet you all!

I'm looking forward to sharing some ideas on how we can create a personalised photo shoot which reflects the love, happiness and excitement this milestone brings to your family.

My style is quite relaxed in order to achieve natural photographs to last a lifetime. During your maternity and/or newborn portrait experience, I focus on capturing the connections of the people I photograph by keeping your shoot interactive and light.

My decades of experience in photographing many different people of different ages, means you can feel confident knowing you're in safe hands.

I've put together this maternity and newborn portrait experience guide to help you understand how together, we can create timeless memories to celebrate your growing family's love, and create custom products and artwork which will be enjoyed well into the future.

I look forward to hearing from you soon to book your shoot!

STUDIO LIFESTYLE NEWBORN SHOOT - \$250

I don't need to tell you how time flies. You already know, and that's why you're here so I can help you remember one of the most thrilling times in your lives as your family grows.

Newborns have a tendency to change so much with each passing day, and you'll undoubtedly want to remember this fleeting time and how tiny they were.

The way their hands used to curl around your fingers, those cute rolls, those tootsies you could almost eat! You'll blink and all of a sudden the first month with your new baby will feel like blur. And before you know it, this little human you created will become a toddler.

It's such a significant milestone, and I would be honoured to play a part in keeping your memories safe and to be enjoyed for many years.

Throughout this information guide, you'll see some examples of gorgeous, personalised wall art, along with some keepsake products such as albums and boxes to preserve your memories and to help you turn your house into a home.

Enjoy reading through it and if you have any questions, or you're ready to book in your shoot, please get in touch.

I can't wait to meet you all! Erica xx

MATERNITY - 30 MINUTE MINI SHOOT - \$895

Your family is about to embark on a new journey... So let's make some memories so you won't forget in a hurry the anticipation and excitement of meeting your little one!

Your 30 minute maternity shoot includes:

- * a pre-shoot phone consultation to discuss location, ideas, clothing and how you wish to display your photos.
- * Your choice of 10 digital images.
- * The opportunity to order additional products from your maternity shoot during your newborn design consultation appointment.

This special 30 minute maternity shoot can only be booked in conjunction with a newborn shoot, and not as a stand alone service.

Have a good look through this information guide for ideas on how to display your photos and which products stand out as favourites for you and your family.

I'm so excited to meet you and your newest member of your family!

HOW IT ALL WORKS

HOW TO BOOK

That's really exciting! Thank you for trusting me to create some really special family heirlooms to celebrate such a huge milestone! First of all, let's book in a day and time for your portrait experience. We can tentatively book your newborn shoot based on your due date and see how baby is progressing during your last trimester. On location maternity shoots are held the last hour before sunset, or in studio shoots can be anytime between 10am to 4pm. Newborn shoots are held in my Bedford studio. Just call or email me to start planning and personalising your photo shoot.

GET READY FOR IT!

Once we have a date booked in for your shoot, it's time to start preparing for it! I'll send you through some helpful info with suggestions on what to wear, what to bring and how to prepare for your shoot so you and your family have the best possible experience! You'll also receive a little questionnaire to fill in, so I can tailor your photo shoot to suit your needs and dreams, and so I can get to know you and your family better before we meet.

THE DESIGN CONSULT

Within 10 days of your photo shoot, all your gorgeous photos will be ready to view during your personalised design consultation. I'll be there every step of the way to help you choose your favourite photos, and suggest the best way to display them. With specialised software, I can even show you what your photos will look like at various sizes in your home on your walls! And even at life size! This process is a fantastic way to make sure you're ordering the best size artwork for your home. A 50% deposit is required during the design consultation, and the balance is due upon collection of your order. Payment plans are also available.

ARTWORK PICK UP

Your order will go into production straight away, and as soon as everything is ready to be collected, I will be in touch to arrange an appointment for pick up. As different products have varying turn around times, your order can take anywhere between 3-7 weeks. All your artwork comes with a lifetime guarantee, and is made from the highest quality materials available.

LOVE NOTES

Erica, WE DON'T KNOW HOW TO THANK YOU ENOUGH!

The photos are stunning!!! Thank you so much!!! We were up way past our bedtime trying to choose our favourites.

Thanks so much Erica. You have captured such a special time for us.

LOTS OF LOVE, CHLOE & HARRY
